Mr. Earl Lloyd,
State Engineer of Wyoming
State Capitol Building
Cheyenne, Wyoming

Dear Mr. Lloyd:

Re: Burnt Fork-Birch Creek
Agreement

Reference is made to the attached correspondence and it is respectfully requested that the following suggestion be considered by your office.

1. That a "Memorandum of Understanding" for the operation of the joint-distribution of the waters of Burnt Fork-Birch Creek be prepared for the approval of Wyoming and Utah as soon as possible.
2. That Utah will reimburse Wyoming immediately upon receipt of request for reimbursement.
3. That the State of Wyoming, each season, assume the full responsibility of salary expense payment to such commissioners as recommended at the Annual Joint-Meeting of such water users.

Your comments will be most sincerely appreciated if you feel that the above suggestion has or has not any merit.

Very truly yours,

Frank Reese
Business Manager
